Песнь 5 рождественского канона:

Бог сый ми - ра, О . тец щед. рот,
Великаго совета Твоего Ан - ге - ла,

мир по - да - вающа по - слал е - си нам,
тем, Богоразумия к Све - ту на - ставль - ше - ся

от но - щи утренюю - ще, закл.
славословим Тя, Человеко - люб - че.

В рукописях этот напев имеет гораздо большие мелодических вариаций, чем приведено здесь. Все вариации, однако, имеют между собой общую ритмическую и гармоническую основу.

Ирмологический (4), "пасхальный":

Порядок строк: 1||:2:|| закл.

Напев пасхального канона имеет, вероятно, народно-песенное происхождение, что, впрочем, окончательно не подтверждено.

Г. Прокимен

Литургии, киевского распева:

Musical notation for the Kyriotes in the Kiev chant style. The notation is for two voices (two staves) in common time. The key signature is one flat. The lyrics are: "Бу-ди, Господи, милость твоя на нас, я - ко - же у - по - ва - хом, у - по - ва - хом на Тя." The notation uses various note heads and stems, with some notes connected by horizontal lines.

Утрени, знаменного распева, в широком расположении:

Musical notation for the Kyriotes in the Znamenny chant style in wide arrangement. The notation is for two voices (two staves) in common time. The key signature is one flat. The lyrics are: "Ныне воскресну, глаголет Господь, по - ла жуся во спасение не о - би - нию - ся о Нем." The notation features eighth-note patterns and some sixteenth-note figures.

То же, в тесном расположении:

Musical notation for the Kyriotes in the Znamenny chant style in close arrangement. The notation is for two voices (two staves) in common time. The key signature is one flat. The lyrics are: "Ныне воскресну, глаголет Господь, положуся во спасение, не о - би - нию - ся о Нем." The notation shows a more compact arrangement of notes compared to the wide version.

В этом и последующих гласах прокимены изложены не в виде схемы, а в более конкретном виде, чем другие жанры, т.к. текст прокимена всегда состоит из одной строки, и не образует циклическую форму. Прокимены в широком расположении изложены в их ранее опубликованных вариантах из Обихода Кастальского, Церковно-Певческого сборника и Нотного приложения к Октоиху (т.3)
